Experienced Sales + Customer Service

The key...great customer service. We love the marine industry and one of our core missions is to help raise the customer service bar in this industry.

However, the internet has completely transformed the way we do business. While traditional sales principles still very much apply (such as building a solid relationship with the customer, earning their trust, adding value, customer qualification, etc), how you get there is now very different. It used to be that a customer valued a solid handshake and an honest smile. In a traditional face to face environment, skilled salespeople could qualify a customer based on body language, personality type, etc. In today's internet age, many buyer

2010 Chaparral 270 Signature Express Cruiser
powered by a Volvo 5.7L GXi engine paired with a
Volvo dual prop outdrive.

This boat was extremely clean and well taken care
of.

This vessel has a lot of bells and whistles including
the cockpit snap cover and cockpit decking that
provides a very clean look over traditional snap-in
carpet.

The vessel is kept in covered dry stack storage when
not in use.

The seller recently had good service to the engine,
including new long block and risers/manifolds. The

engine rebuild was completed last season and seller reports less than 100 hours of use since all the work was completed.

The owner also does have the full enclosure to extend the use of the vessel in colder weather. The owner reports this to be in above average condition.

The vessel does have air conditioning that is accessible when hooked to shore power, there is no generator onboard.

We are looking for people all over the country who share our love for boats. If you have a passion for our product and like the idea of working from home, please visit [WhereFreedomTakesYou \[dot\] com](http://WhereFreedomTakesYou.com) to learn more.
