Drives Amazing!

The Yamaha 212X is a high-performance wakeboarding and watersports boat designed to deliver an exhilarating experience on the water. Equipped with a wakeboard tower and three ballast bags, this creates massive wakes and waves, perfect for riders looking to catch some air and perform impressive tricks while allowing for attachment points for wakeboard racks, lights, and speakers.

One standout feature of the Yamaha 212X is its upgraded stereo system, with a subwoofer and 10 speaker sound bar and remote control unit from the swim platform, which delivers crystal-clear sound quality and immersive audio experiences

The large screen control center and well-laid-out helm make navigating the boat and controlling its functions easy and intuitive. This centralized

interface allows users to access and adjust settings for the ballast tanks, stereo system, navigation, and other onboard features with just a few taps or swipes.

With a spacious interior accommodating up to 10 passengers, the Yamaha 212X is perfect for bringing family and friends along for a day of fun on the water. Whether you're lounging on the comfortable seating, soaking up the sun on the sun pads, or gearing up for your next ride, there's plenty of room for everyone to relax and enjoy the ride.

Additional features such as ample storage compartments, a swim platform with a ladder aft, and bow premium upholstery further enhance the Yamaha 212X's appeal, making it a top choice for watersports enthusiasts seeking performance, comfort, and style in one impressive package.
