About Us: POP YACHTS SALES
Experienced Sales + Customer Service
The key...great customer service. We love the marine industry and one of our core missions is to help raise the customer service bar in this industry.

However, the internet has completely transformed the way we do business. While traditional sales principles still very much apply (such as building a solid relationship with the customer, earning their trust, adding value, customer qualification, etc), how you get there is now very different. It used to be that a customer valued a solid handshake and an honest smile. In a traditional face to face environment, skilled salespeople could qualify a customer based on body language, personality type, etc. In today's internet age, many buyer

SALE PENDING Restored with a Coosa
Board Deck! Closed Transom with Bracket! Rebuilt
Powerhead!

If you love classic Makos or just want a super solid
boat with a great ride, then this 1976 Mako 23 is for
you. It is evident that the systems have been updated
or replaced. The hull was redone with a Coosa deck
that was raised an inch to adjust for the balance of
ride with the custom aluminum bracket. The bracket
gives the boat an overall length of over 25'.

The Yamaha F225TXRA engine was rebuilt in May
2022. The seller estimates the engine has less than
100 hours since the rebuild. The exhaust and
mid-section were recently replaced after the
corrosion typical of this model year was discovered
and addressed.

An 80-gallon aluminum fuel tank was installed. The fuel tank was coated in Line-X to prevent corrosion. Two new batteries installed February 2024.

Coosa board decks were constructed with updated hatches and hatch hardware. A custom live well was constructed at the transom with a see-through lid. The original helm console was refurbished and reinstalled with new hardware. The engine is steered with a hydraulic steering system.

Electronics consist of a Fusion UHD 750 stereo head tied to 8 kicker speakers through a powerful amplifier.

The Simrad GO7 GPS-chartplotter-fishfinder also manages the stereo through an NMEA 2000 network. Three batteries keep the engine starting and the tunes playing, topped off by a three-bank Pro-Mariner battery charger.

The wiring and plumbing have been updated.

The heavy-duty T-top has a hard top for longevity and ease of mounting accessories. The speakers are housed inside the hardtop giving it a custom look.

Fishermen will appreciate the 14-rod holders spread between 4 gunwale holders, 4 leaning post holders, and 6 rocket launchers. There are heavy-duty swivel rod holders mounted on each side. The custom transom live well provides plenty of space to keep your bait frisky.

This classic Mako has all the features you would want in a hardcore fishing machine. The seller has maintained this boat and has service records.

The boat does not include a trailer.

We are looking for people all over the country who share our love for boats. If you have a passion for our product and like the idea of working from home, please visit [Careers \[dot\] PopSells \[dot\] com](https://careers.popsells.com) to learn more.
