About Us: POP YACHTS SALES  
Experienced Sales + Customer Service  
The key...great customer service. We love the marine industry and one of our core missions is to help raise the customer service bar in this industry.

However, the internet has completely transformed the way we do business. While traditional sales principles still very much apply (such as building a solid relationship with the customer, earning their trust, adding value, customer qualification, etc), how you get there is now very different. It used to be that a customer valued a solid handshake and an honest smile. In a traditional face to face environment, skilled salespeople could qualify a customer based on body language, personality type, etc. In today's internet age, many buyer

\*\*\*SALE PENDING\*\*\* Sporty center console with Humminbird electronics, sound system, Minn Kota trolling motor. Trailer icluded!

The 2016 Yamaha 190 FSH is a well-made jet boat ready to provide a fish platform while doubling as a family water sports boat.

The 190 FSH has a live well, rod holders, and casting platform for a day of fishing. It also comes with the versatility for water sports with a clever seating configuration, plenty of storage, a bimini, and a tow eye. A trailer is also included.

There is a swim platform with a telescoping swim ladder with convenient pull handles to assist you when returning from a swim. There is also aft seating complete with beverage holders and a tow eye for water sports.

There are a pair of jump seats to port and starboard side with the double helm bench seat in the center. The helm seat back swivels forward/back to provide additional directional seating when not underway.

Below the helm seat is an area for a cooler with a built-in place to hold it. A live well resides beneath the starboard side jump seat. Beneath the port jump seat hatch is access to the two batteries and a battery switch.

The center console has a removable windscreen and beverage holders. There is a Richie compass, switches for the live wells, and other systems.

Flush mounted just in front of the stainless tilt steel steering wheel is the Yamaha information monitor. It displays water temperature, fuel level, battery levels, RPM, MPH, and engine hours. Next to the throttle lever is a switch for Cruise Assist/No Wake Mode for better control of the Yamaha, especially around the dock. There are rod holders, speakers, and grab handles to either side of the center console helm.

In the gunwales, you'll find dedicated rod storage and coaming pads. To starboard is the Jet Wash freshwater washdown.

A bench seat is found in front of the helm and is perched upon a gas-assisted hatch. The hatch lifts to reveal a massive storage area. The space is large enough to use as a changing area or you could install a porta-potty. You also have great access to electronics mounted at the helm.

The raised casting deck has integrated tackle storage to port and storage to starboard. There is a cushion on the front casting deck with a large draining compartment beneath a hatch that could be used for storage or a fish box. Additional storage is also provided towards the bow atop the casting deck.

At the bow, there is an anchor locker. There is a

mounting plate for the trolling motor at the bow.

A bimini shade provides shelter from the weather. There is also a full cover included with the boat when the boat is moored.

We are looking for people all over the country who share our love for boats. If you have a passion for our product and like the idea of working from home, please visit [WhereFreedomTakesYou \[dot\] com](http://WhereFreedomTakesYou.com) to learn more.
