Experienced Sales + Customer Service
The key...great customer service. We love the marine industry and one of our core missions is to help raise the customer service bar in this industry.

However, the internet has completely transformed the way we do business. While traditional sales principles still very much apply (such as building a solid relationship with the customer, earning their trust, adding value, customer qualification, etc), how you get there is now very different. It used to be that a customer valued a solid handshake and an honest smile. In a traditional face to face environment, skilled salespeople could qualify a customer based on body language, personality type, etc. In today's internet age, many buyer

YAMAHA 150 FOUR-STROKE ENGINE, T-TOP,
SUPER CLEAN, READY FOR THE WATER

This is a 2007 Scout 205 Sportfish center console. It is powered by a single Yamaha 150 horsepower 4-stroke motor with just 469 hours on it.

Typical for Scout, there are plenty of smart fishing / family features, storage and amenities built in, tucked away so as to keep the interior clean and uncluttered.

Four heavy-duty rodholders, two of which are transom mounted, with the remaining two angled in the gunwales.

There is a huge plumbed live bait tank in the port corner with pump and pickup, and a big storage

compartment in the opposite corner. Drink holders, grabrails and cleats are all stainless steel.

Rod storage is a real highlight, with two vertical racks in the aft quarters of the boat, four holders behind the helm leaning post, four more holders in a rocket launcher attached to the T-top, and three under-gunwale holders.

The seller has some cushions reupholstered. There is a newer cover for the standing post and motor.
