Experienced Sales + Customer Service
The key...great customer service. We love the marine industry and one of our core missions is to help raise the customer service bar in this industry.

However, the internet has completely transformed the way we do business. While traditional sales principles still very much apply (such as building a solid relationship with the customer, earning their trust, adding value, customer qualification, etc), how you get there is now very different. It used to be that a customer valued a solid handshake and an honest smile. In a traditional face to face environment, skilled salespeople could qualify a customer based on body language, personality type, etc. In today's internet age, many buyer

Beautiful and fast boat that turns heads! Engines are Updated!

A custom-built and specialty-wrapped 41 Apache ocean racer made from Kevlar, it has 2 925 HP blown 557 cubic inch dart head and block engines, super cyborg transmissions, and 5 hrs. on them.

Wet sump number 6 Mercury Racing drives with newer gears and rebuilt transom assemblies.

The boat has a full cabin and was sent to Apache in 2010. It was completely resigned, lightened, and set up for number 6 drives. Also, a step was added to the bottom, the same step used on the cigarette models by Chris Merrill, who builds race boats.

Terry Spenter rebuilt the 871 Littlefield superchargers and tipped them with Teflon. The carbs are AED brand.
